Repaired intersection of High Meadow and Cochise Canyon.

Cochise Canyon

Water crossings on Tomahawk

Vehicle maintenance and repair:

Replaced leaking hose on bulldozer.

Dump truck tire replaced - Thank you Ron Davis for assisting.

Backhoe radiator cleaned and air filters changed.

John Deere - two broken loader bucket bolts. Julian, Darell and Willis were able to remove the bucket bolts and are waiting on replacement bolts. Thank you guys!

John Deere - fuel line replaced.

Bulldozer - slave brake cylinders will need work - Darell and Julian will be working on that problem soon.

Maintainer hose failure - replaced - Thank you, Julian & Darell.

Material:

Continued retrieving gravel out of Limpia creek until it became too wet to dig.

Continued to retrieve clay material from clay pit.

Additional Information:

Raymond McKay quit as our Road Operator on 11/3/17.

I would like to thank Janette Winters, Russ Martin & Shannon Barron for the donation of gravel from their creek bed to the DMPOA. Their donation allowed us to continue with our road work.

Respectfully Submitted,

Jackie Edwards
Interim Road Chairman
